

Dancers

Dating back to ancient times, humans have expressed emotions, stories, and sounds through the movement of their bodies. They use a variety of dance movements that allow for self-expression. Many dances string several movements together.

Dancers perform in a variety of productions, such as musicals, folk, ethnic, tap, and pop culture. They also perform in a variety of venues such as theaters, television, movies, music videos, opera, and commercials. For the most part, dancers perform in groups. Top dancers do perform solos as well.
