## Kidozine

All of Kevin's friends were interested in what Kevin's mom did for a living. She worked for the famous music news magazine "Musozine."

While on vacation, Kevin's friend Samantha asked his mom if she would be interested in helping their school put together their own magazine. Kevin's mom was more than happy to get involved. Samantha explained that the school has been trying to put together a variety magazine on student topics.

On the first day, Kevin's mom assigned each student a job in the magazine. Sarah and Anthony were to work on the Entertainment section. Crissy and Bob were to work on the World News section.
